The gun is classic... the design innovative

AIRPOWER CYCLONE

HAND DRYERS

Dry hands before you have time to say “dried hands”.

AIRPOWER CYCLONE: revolutionary anti-vandal hand dryer suitable for high traffic facilities.

- New hand dryer with compressed-air blade
- Drying time: 15 seconds
- Model with Hepa air filter anti bacteria and dust for the maximum hygiene
- Colours: white, satin aluminium, chrome
- Starts automatically when you put your hands into the drying area
- Automatic shut-off system after 18 seconds
- High speed universal induction motor with inverter (32.000 r/min.)
- Suitable for high traffic facilities
- In accordance with all the international norms

All the efficiency of a powerful compressed-air blade.

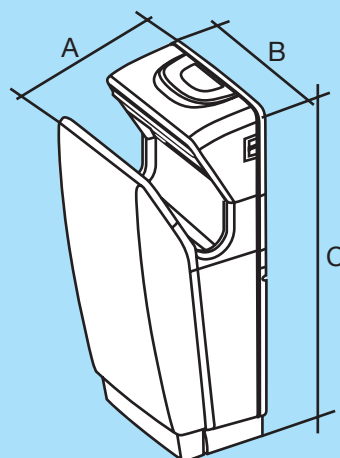

Easy removing of recovery box.

New technology

by sensor	220 / 240	345	300	1750	32.000	IP33	Class II	9,5	5 years

ANTI-VANDAL

AIRPOWER ANTI-VANDAL

PUSH BUTTON OR INFRARED SENSOR OPERATING

HAND DRYERS

More power at less cost.

The most versatile and “smart” anti-vandal hand dryer.

- Metal anti-vandal hand dryers 2400 W
- Material: steel
- Colours: Porcelain white, satin steel, chrome
- Functioning by push button or infrared sensor
- ES Energy Saving model (1500 W)
- Smart recognition system between actual activation’s requests and random passing
- Automatic disconnection system after 60 seconds
- Adjustable timer between 25” and 60” (Push button)
- Double thermostat (on both engine and heating element)
- Top reliability, power and safe guarantees

Air nozzle can be turned 360°!

HAIR DRYERS

PHONNY FILO

The gun is classic...the design of “five stars”.

All the practicality of being at home when you are outside

- The less possible width
- Innovative design
- Two speeds
- ON-OFF bipolar switch for maintenance on base
- Push-release start button
- Wall mounted

DIMENSIONS FILO

TECHNICAL DATA

Type	Volt (50/60 Hz)	Max flow rate (m³/h)	Air speed (km/h)	Motor (W)	RPM	IP protection	Insulation	Weight (kg)	Warranty
by gun	220 / 240	198	65	max 1200	4000	IP20	Class II	0,8	2 years

HAIR DRYERS

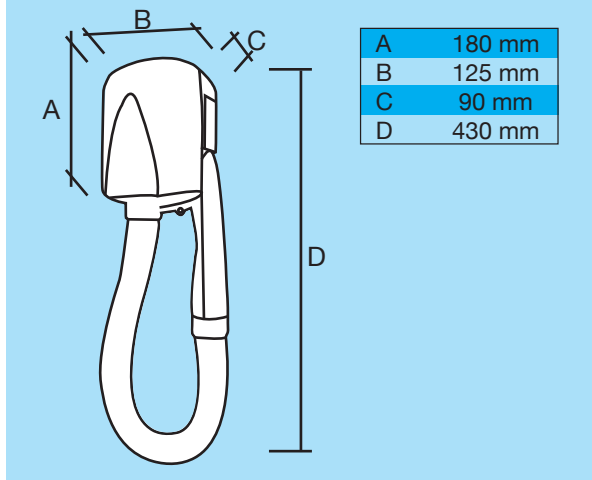

PHONNY TUBO

Reduced dimensions, big performances.

The smallest hair dryer with extensible hose

- Shaver socket 220V-110V.
- High performing AC motor
- Long life
- Highly energy saving
- Auto turn off system (after 5 minutes)
- Thermostatic protection
- Two speeds

DIMENSIONS TUBO

Shaver socket!
